

# SS 7167 – CRUISIN' ALLEY APPLICATION GUIDE

**SIZE:**  
approx. 10 feet wide by 8 inches tall

**FINISHED WALL:**

**START!  
HERE!**

Lay out in  
NUMERICAL order,  
starting with 1 and  
ending with 10

Make sure that  
all the vehicles  
are facing in the  
correct direction

We recommend starting  
approx. 26 inches off the floor  
(This may vary depending  
on age and abilities)

Use these rulers to properly space out the line  
segments. Stick one ruler to the wall in between  
each segment. After the entire graphic is layed  
out, remove and discard all of the rulers.
